Single Phase Hybrid Storage Inverter

4-6 kW

The APEX AF low voltage series storage Inverters are designed to increase energy independence for homeowners. The power range is from 4kW to 6kW, compatible with low voltage (40-60V) batteries.

Energy management is based on time-of-use and demand charge rate structures, which significantly reduce the amount of energy purchased from the public grid.

Thanks for the UPS function (switch time < 10ms), that enables the crucial loads power on during outages. Additionally, under the backup operation mode, the inverter provides you up to 150% peak output overloading.

The AF low voltage series storage inverters are integrated with Arc Fault Circuit Interrupter (AFCI) and rapid shutdown.

MAX. 120A Max. Charge/ Discharge Current 120A

PV OVERSIZE 1.5 Times PV Oversize

MPPT CHANNELS
Up to 2 MPPT Channels

UPS FUNCTION Switch Time < 10ms

PARALLEL
Max.6 Parallel Stacking

Support for Time-of-use Optimization

Build in Anti-feed-in Function

Compact Size and Easy Installation

Smart Monitoring & Remote Firmware Upgrade

The charging and discharging power of the battery is greater

Off-grid mode, with a larger load capacity, the maximum load can be 6KVA
